

Building a strong foundation...Spiritual

Christian education at Heartland Christian School is an extension of the biblical and educational training begun in the Christian home and church. Students are prepared through Bible instruction (daily Bible class and Scripture memorization), evangelism, character education, strong academics, missions, and Christian citizenship. The education at HCS is predicated on the Bible and the Church of Jesus Christ, and reinforces the teaching of the parents, consistent with the message of hope and eternal life found in God's Word.

"We are so thankful to God that we can send our children to Heartland. The teachers are wonderful and the academics are so advanced. Our children know so much about the Bible and living for Christ."

-Paul & Jenny Niblock, parents

Building a strong foundation... Financial

Heartland Christian School is a 501©3, not-for-profit, entity organized in compliance with the laws of the State of Kansas and the IRS. Funding for the school is a combination of tuition, fees, and the generous donations of our supporters and benefactors. We welcome all who may be led by the Spirit to support the work here.

In the 2004-2005 school year, we began offering financial assistance to families of students who met Financial Assistance Funds criteria. It is our hope that we, with the Lord's provision, may determine a way to assist any students who desire to attend HCS but are prevented from doing so due to financial limitations.

Educating Lives for Eternity

*Academic Excellence on
a Biblical Foundation*

Schools International

Building a strong foundation...The Beginning

Heartland Christian School began in the fall of 1995. Three teachers taught twenty-eight students in kindergarten through sixth grade. Now in its sixteenth year we are amazed at God's provision of students and excellent teachers in Northwest Kansas. God has blessed HCS as it continues to offer Christ-centered education for those Christian families who desire it.

The Heartland Christian School Family will continue to build upon the hope and vision that God crystallized in the hearts and minds of our founders over a decade ago. That is, to educate children with the light of Scripture shining on every aspect of each child's educational experience.

"The best benefit with my job in Colby has everything to do with Heartland Christian School. We are grateful for all that Heartland has done for our family. We are convinced that having our children at HCS will benefit them for all eternity."

-John & Jennifer Van Nostrand, parents

Building a strong foundation...Academic

Students at Heartland Christian School excel in all phases of the academic world. Students are tested through the Stanford Achievement Test for their grade level, through eighth grade. Our students consistently score one to two grade levels above the national average. The academic program emphasizes discipline, a strong spiritual foundation, parental involvement, respect and solid moral character, thus producing high caliber students.

We are blessed to have a faculty that is committed to our Lord and Savior, committed to Christian education and committed to the students they teach. As it should be, teaching from a biblical world view does not compromise teaching academic disciplines but, in fact, adds clarity to the disciplines as they are presented.

While we are first and foremost, a Christian School, the education received by children here is comprehensive and preparatory, not just for further education, but for life.

Heartland Christian School does not discriminate on the basis of race, color, national or ethnic origin in administration of its educational policies, admissions policies, scholarship and aid programs, athletic and other school administered programs.

Building a strong foundation...Athletic

At Heartland Christian School, we believe that athletics are an important part of the educational process. Our students have had the opportunity to participate in volleyball, basketball, football, scholar's bowl, track and cheerleading.

Our athletic programs offer our students the benefits learned through discipline, perseverance, and teamwork. We desire to develop within our students a foundation of biblical leadership and teamwork. The ultimate goal of athletic participation is to have our students act in a Christ-like manner, regardless of the outcome of the contest.

"I have received an excellent Christ-centered education at Heartland Christian School. My teachers love the Lord and care about me. During my years at HCS I have formed many lasting friendships."

-Shawna Goossen, student
